PAUL LAUTERBUR AND THE INVENTION OF MRI

MIT Press Ltd. Hardback. Book Condition: new. BRAND NEW, Paul Lauterbur and the Invention of MRI, M. Joan Dawson, On September 2, 1971, the chemist Paul Lauterbur had an idea that would change the practice of medical research. Considering recent research findings about the use of nuclear magnetic resonance (NMR) signals to detect tumors in tissue samples, Lauterbur realized that the information from NMR signals could be recovered in the form of images -- and thus obtained noninvasively from a...

Reviews

I actually started off reading this article ebook. It is written in simple phrases instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
